Multiplayer's dope. Can have difficult times. Surprisingly good soundtrack. I played for 40 mins with a friend. The slow and wonky game mechanics makes it annoying to try to hit the enemies while they can attack you with ease and at anytime. Not fun, not worth it.. Great game!

I wish we could have local players join servers though. as in 2 people playing on one pc, and 2 on another.
5 Stars if they fix that! ^. Game looked bad. Doesn't really support controller.. not fun game. local coop is great fun
