i dont have anybody to play it with oof. I'm surprised there are still people playing this to this day, there maybe only just about one server that's almost full, but it's still fun running around seeing what the predecessor of TF2 was like.. Me: Joins game

Also me: walks outside and get's killed instantly

Still me: What is happening... I LOVE IT!. PROS:

Classic GOLDSRC game

Good community

Great multiplayer experience

CONS:

Multiplayer almost dead. Fact: You can permanently kill enemies if you spam Spacebar near them and after that, they will press Disconnect.. Where the \u2665\u2665\u2665\u2665 is the original murderball, bring

that\u2665\u2665\u2665\u2665\u2665back \u2665\u2665\u2665\u2665\u2665s.

I'm \u2665\u2665\u2665\u2665in' desperate.. I play it sometimes when i have nothing better to do. It's pretty good. Check it out. There's a nice 24/7 2fort server.

Different enough from TF2 to warrant a purchase. Movement feels like a Quake game (it should be considering that GoldSrc is based off the Quake engine). Fun, fast, frantic.

Third Party bots do exist for this game. If you can't find anyone to play with, look up FoxBot. Ever Wanted To Experience tf2's Past Then This Is The Game For you
